The Board of Boiler Rules was originally established in 1920 (Chapter 676, Acts of 1920). The Board formulates definitions, rules, and regulations for the safe construction, use, installation, maintenance, repair, and inspection of boilers and pressure vessels for sale or for use in Maryland.

The Board is composed of eight members. Seven members are appointed to four-year terms by the Governor with the advice of the Secretary of Licensing and Regulation and with the advice and consent of the Senate. Of the appointed members, one each represents the owners and users of power boilers, the owners and users of heating boilers, the owners and users of pressure vessels, the manufacturers or assemblers of boilers or pressure vessels, and a company licensed to insure boilers or pressure vessels. One must be a mechanical engineer on the faculty of a recognized engineering college, and one must be a licensed professional engineer having boiler or pressure vessel experience. An eighth member is appointed by the Secretary to represent consumers. The Commissioner of Labor and Industry serves as an ex officio, non-voting member. With the advice of the Secretary, the Governor designates the chairperson.

Authorization for the Board continues until July 1, 1994 (Code 1957, Art. 48, secs. 167-180A).
